

Centre Reopen **Phase 3**

We have experienced tremendous support over the past year and we believe there is light at the end of the tunnel... “normal” can once again be the norm! Keeping our members safe and protected is still a hugely important focus for the Centre but knowing how important physical, mental, and emotional health is for all, we are finally ready to slowly open things up over the next 4 months.

Cleaning

- CDC approved disinfectants are used throughout the facility to ensure cleanliness.
- Signage will remain in place throughout the building to encourage social distancing, hand washing, and reminding members to disinfect equipment.
- **Cleaning protocols will be maintained indefinitely.**

Member Access Guidelines

Social Distancing

Members are encouraged to social distance.

Face Coverings

We will maintain face covering requirements through May 31 with the intention to make optional starting June 1 based on pandemic conditions at the time. This will be reviewed on a regular basis.

We will enforce that all members and guests ages five and older entering the Centre will be required to wear a face covering the entire duration of their visit.

Exceptions:

- eating or drinking
- in the water
- engaged in vigorous exercise & maintain 6 feet social distance

If you do not meet any of these exceptions, you will be required to wear a face covering. If you do not have a face covering, you will be given a disposable mask to wear or asked to end your visit to the Centre.

Disinfecting and Cleaning

Members are asked to disinfect equipment after use and to wash their hands before and after working out with soap and water for at least 20 seconds. Please flip the green cards on cardio equipment over after done working out and have wiped the equipment. Staff will do a second disinfect.

Exposure, Symptoms, and Testing

- If you have been notified by the Department of Health of your exposure to the COVID-19, we appreciate and thank you for not using the Centre until 14 days after your exposure.
- If you, or a person you've been in close contact with, are showing signs of fever, cough, shortness of breath, difficulty breathing, or not feeling well, please do not come to the Centre until you are symptom free for 7 days.
- If you or a person you've been in close contact with are awaiting the results of a COVID-19 test please do not come to the Centre until a negative test is reported.
