Great Adventures Program Details:

Our program is a collaboration between the Centre, Community Education, and WITC. Your child enrolls in the program through the Centre and subsequently will have access to programs run by Community Education and WITC. It could be a week of flag football, arts and crafts, clubs and fitness through The Centre or engaging in programs run by Community Education or WITC including computer classes, advanced art classes, and more. On early release days participants come to the Centre for an afternoon of thrills and chills in the Friday Aquatic Center using our 90 foot water slide and water dome!
